Report of the Proceedings of the Literary and Philosophical Society of Liverpool

Now available in PDF Easy and elegant flower arranging for everyone Simple Flower Arranging helps you to create flower arrangements with style and flair- be it flowers for the home, a gift, or wedding flowers. Love having flowers in your house or making blooming bouquets? Be inspired by more than 60 stylish flower arrangements made simple, from vase arrangements to wedding creations. Owners of destination florist, Bloomsbury Flowers, Mark Welford and Stephen Wicks guide you through designs and techniques that allow you to create your own incredible arrangements. Key sequences are shown through step-by-steps and sumptuous photography so you can easily see how to take a simple bunch of blooms and present them with a professional touch, encouraging you to experiment with hand-tying, wire, papers and ribbons. Organised by flower type, it's easy to find flowers that you can buy in the supermarket, such as roses, lilies and sweetpeas and turn them into amazing arrangements. Simple Flower Arranging helps you to make beautiful bouquets and arrangements for every occasion, from baby celebrations to Valentine's Day and Mother's Day.

Simple Flower Arranging

There is a goblet of lichen for the sun to feed from and a single wild iris with a mind so old that it came before invention Its condition is perfect It rests perfectly between our hands- from "Wild Iris"...MTC Cronin's poems - expansive and intimate, dynamic and reflective - blaze with electrifying vision. Writing with honesty and wit, grace, and the courage to strip away illusions, she explores surfaces, interiors, myths and mysteries through a kaleidoscope of flowers - dandelions, impatiens, roses, azaleas, flowers real and imagined. Suffused with awe and wonder, these poems unveil 'urgently, now, before us, the flower, the thing'.

The Flower, the Thing

Reproduction of the original.

The Dark Flower

This striking work, prepared through the enthusiasm of Professor Conder, who was Professor of Art and Architecture to the Japanese Government, is particularly important as it includes six woodblocks by Tsukioka Yoshitoshi, deemed to be perhaps the finest print designer of the period (1839-1892) - a Kuniyoshi pupil who stands almost alone in expressing ukiyo-e vigor during the years of social, political and artistic upheaval.

The Last Flower Standing

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1906 edition. Excerpt: ...are remarkable for their extraordinary vitality. For table decoration, for instance, plants can be taken out of pots, the lower portion of the bulbs with the root cut away and afterwards returned to the

pots, to do duty again in the greenhouse. Though best cut when colour is just showing, which secures their standing the longest time, the tulip having more than one period of beauty, may be grown in pots to full expansion, then cut and used for vase furnishing. The varieties of late flowering tulips are very numerous. The quaintest of these is the Parrot, which was a favourite with painters of the eighteenth century. It looks best when allowed to sprawl about at its own sweet will, no attempt being made to cause it to stand upright. Bizarres and Bybloemens are also very old, and none is more lovely than some of the latter, called Rose Bybloemens. By floral decorators they are, perhaps, not esteemed; but, nevertheless, for domestic purposes, they should not be overlooked. Selected breeders, of which Golden Eagle, a very old variety, and others of the now well-known gesneriana type, are all useful. Some are very tall, quite four feet, and these are invaluable for certain purposes. Some, as the above named, are early to bloom. Some are late, as maerospila. They vary, too, in form. Bouton d'or, for instance, is nearly globular, Picotee is sharp-pointed, ixioides is somewhat oval. The finest of the self-coloured forms are to be found in the Darwin section, in which some of the colours are very soft and pleasing, others very dark, or almost black, like the Chimney-Sweeper, mentioned by Rea in 1656. With a good selection of these, it is possible to provide charming arrangements, either of one colour or mixed. They are best cut with as long stems...

The Flowers of Japan and the Art of Floral Arrangement

A wealth of inspirational arrangements for many indoor settings and special occasions.

Cometh Up as a Flower

Success with Flowers, a Floral Magazine

Hey Little Flower Girl reminds us all that no job is too small to make a moment more beautiful. We can all learn from flower girls, making a day special in their own way while celebrating their very important job of paving the aisle for the bride's grand entrance. The role of flower girl is one young women have always considered sacred. Before women are bridesmaids standing beside lifelong friends, they are flower girls, standing in front of family, playing a part in the love story of two people. Flower girls do not second-guess their importance or contemplate whether or not they should be there, scattering petals purposefully. They just do what they are supposed to do and do it with grace and joy. Hey Little Flower Girl is a gift for every young girl playing a part in a bride's special day, but it's also a gift for anyone needing encouragement in their seemingly small moments.

The Studio

A modern approach to traditional Japanese floral design. Award-winning flower designer Shinichi Nagatsuka explains how anyone can create beautiful arrangements using his signature N Style method. Easy to follow, it is based on accent lines rather than the complex system of rules used for traditional Ikebana. Accent lines are the natural shapes of the flowers themselves--which means vertical arrangements require a different eye than horizontal or round ones, for example. By understanding how the shapes of flowers and plants affect your design, you'll learn to choose just the right ones to achieve your desired look and feel. With over 280 color photos and 42 projects, Modern Japanese Ikebana unlocks the mysteries of the art of Ikebana. By following the N Style method, you can bring a natural flow to your arrangements, achieving balance and an overall harmony of design.

Catalogue of Drawings by British Artists and Artists of Foreign Origin Working in Great Britain ...: A-C

A remarkable new book providing unique insight into Tate's collection through the depiction of plants and flowers. With their delightful colors, incredible natural beauty, and fascinating "otherness," it is no surprise that flowers and plants have long captivated artists. They have come to symbolize a gamut of complex human emotions, including hope, delight, love, compassion, gratitude, grief, and loss. The fragility of flowers is a poignant reminder of the fleeting nature of life. Their sensory appeal--to our sight, smell, touch and even, sometimes, taste--brings us into the present moment, and they can affect our well-being in surprisingly healing ways. Bloom is a compendium of 100 of the most beautiful floral works from Tate's collection. Designed to encourage slow, mindful looking, it will bring reflection, restoration, and joy.

English Mechanic and Mirror of Science

Rupi Kaur performs the first-ever recording of the sun and her flowers, her second #1 New York Times bestselling collection of poetry and prose. This production was recorded in 2021 along with the brand-new audio edition of milk and honey and the debut audio recording of home body. Divided into five chapters, this volume is a journey through the life cycle of wilting, falling, rooting, rising, and blooming. It is a celebration of love in all its forms.

The Book of Cut Flowers; a Complete Guide to the Preparing, Arranging, and Preserving of Flowers for Decorative Purposes

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1918 edition. Excerpt: ... ii About Getting There We always consider that emancipation takes place at one exact spot on the Great Western Railway; the only difficulty is that Virginia and I never agree as to which is the exact spot. Virginia insists that the air suddenly changes just beyond Chepstow Station, where we change from the London and South Wales main line to the local train that, two or three times a day (week-days only), runs through our particular Valley, like a small boy's toy affair. This train, which makes up in black smoke for what it lacks of other dignity, steams out of the main line junction with an important snort and rumble; over the bridge it goes, and the stranger would imagine it was well under way. But no; it then comes to a standstill at the point where the main line and the Valley line meet, in order that the gentleman who lives--we presume--in the signal-box (but who is always standing on the railway line when we see him) may hand to our engine-driver a metal staff--some sort of a key, they tell me, which is said to unlock the single railway line. I don't pretend to understand the process myself. I only know that our engine-driver looks lovingly at it as though it were the apple of his eye (I've there craned my head out of the window, that's how I know), and clasps it to his chest, until he gets to the first station on the Valley line, where he hands it over to the station-master, who, in turn, gives him another one, to which he clings just as pathetically. In this leisurely way we proceed up the Valley. It wouldn't have any deep significance, but for the fact that Virginia maintains it is the first key that unlocks the imprisoned Ego within her, and sets her soul free from the trammels and shackles and cobwebs and chains, hampering, ..

Annual Report

On the verge of puberty, eleven-year-old Jordan March is sent to live with her spinster great-aunt, after her grandmother accuses her of having an incestuous relationship with her teenaged brother Ian, and stumbles upon a long-buried secret about her family's enigmatic past. Simultaneous.

The Book of Fresh Flowers

Hargrave Jennings presents a fascinating look at and interpretation of the philosophy and nature of the Rosicrucian Order in this classic work. It is an indispensable work for any student of the Rosicrucians or the Mysteries Schools. This book, which now leaves our hands, concentrates in a small compass the results of very considerable labour, and the diligent study of very many books in languages living and dead. It purports to be a history (for the first time treated seriously in English) of the famous Order of the 'Rose-Cross', or of the 'Rosicrucians'. No student of the occult philosophy need, however, fear that we shall not most carefully keep guard--standing sentry (so to speak) not only over this, which is, by far, the pre-eminent, but also over those other recondite systems which are connected with the illustrious Rosicrucians.

Chambers's Journal of Popular Literature, Science and Arts

Anna Day and Ellie Jauncey are not your average florists. Friends first and business partners later, they formed The Flower Appreciation Society when they realised they shared a love of all things floral and a frustration with the formal arrangements preferred by many traditional florists. The bouquets and accessories they create in their London studio are relaxed, natural and breathtakingly beautiful - and packed full of seasonal blooms from local markets. In this, their first book, they will take readers on incredible, meandering journey through an A to Z of blooms - from Anemones to Zinnias and everything in between. If you're a bride-to-be doing your own wedding flowers or have ever wondered why your tulips just won't stand up straight, The Flower Appreciation Society has all the tips, tricks and wonderfully creative ideas you could ask for. Includes: Anemones and Appreciation, Bouquets and Bees, Colours and Corsages, Delphiniums and Daisies, Edible flowers and Events, Foliage and Forget-me-Nots, Garlands and Gardens, Headbands and Hydrangea, Insects and Irises, Jasmine and Jam jars, Kit and Kitsch, Lily-of-the-Valley and Latin names, Mother's Day and Markets, Narcissus and Nature, Old wives' tales and Orchids, Peonies and Posies, Quick tips and Questions, Roses and Romance, Scents and Seasonality, Tulips and Thyme, Urban legends and Unloved blooms, Vases and Valentines, Weddings and Wild flowers . . . And Xylem, Yarrow and Zinnia

Tricia Guild is known for her bold and original fabric and wallpaper collections. Following the success of her many books on color and pattern, she shares her long-standing fascination with using flowers in interior design—taking inspiration from her own garden as well as from all over the world to create stylish, sophisticated interiors. She draws on examples from her own designs where flowers have an enormous impact on the energy and mood of a room—whether it is a series of maroons and purples to amplify the sense of luxury in a dark and cozy boudoir or a collection of single stemmed red dahlias in vintage 1950s vases to inject urban drama and whimsy into a neutral minimalist living room. Included are hints and tips on designing a room with flora along with Tricia's own flower care guide. With stunning, original photography and a text rich in insights from her own experience, this is a must-have compendium for anyone interested in contemporary interior design.

The Language of Flowers

A moving and eloquent novel about love, grief, renewal—and the powerful language of flowers. Ruby Jewell knows flowers. In her twenty years as a florist she has stood behind the counter at the Flower Shoppe with her faithful dog, Clementine, resting at her feet. A customer can walk in, and with just a glance or a few words, Ruby can throw together the perfect arrangement for any occasion. Whether intended to rekindle a romance, mark a celebration, offer sympathy, or heal a broken heart, her expressive floral designs mark the moments and milestones in the lives of her neighbors. It's as though she knows just what they want to say, just what they need. Yet Ruby's own heart's desires have gone ignored since the death of her beloved sister. It will take an invitation from a man who's flown to the moon, the arrival of a unique little boy, and concern from a charming veterinarian to reawaken her wounded spirit. Any life can be derailed, but the healing power

of community can put it right again. READERS GUIDE INSIDE
